

Kilfoam / Kilguard Treatment Prep Sheet

When this checklist is followed, our top rated “stay in your home” treatments work faster and are more effective for longer. If you have any questions or concerns, please call our office 1-800-454-5837.

INTERIOR

- 1.) Remove any hanging valuables from the closet where attic access is required.
- 2.) Move furniture 2-3 feet away from any interior walls that require treatment.

EXTERIOR

- 3.) Remove any obstacles that would hinder access to the sub structure of your property.
- 4.) Cut back any shrubs (12-18 in) from any exterior areas that are being treated.
- 5.) Clear any objects to allow for 360° access to the perimeter walls of the property

GARAGE

- 6.) Move objects 2 feet away from the interior walls if they are being treated.
- 7.) Remove or cover any valuables.
- 8.) Allow 2-3 hours for treatment to dry before moving everything back into place or uncovering your valuables.

Thank you for choosing Kilter Termite & Pest Control. 1-800-454-5837.
